Services for Companies

Companies play a key role in the life of ENTPE

ENTPE is wide open to business and proposes partnerships in all its areas of activity: higher education, professional development and research.

Meeting the needs of all our partners

Whether you are a local SME, a large multinational group, a local authority or an economic organization, and whether you operate in France or abroad, ENTPE has positioned itself as a key partner to support the projects of all stakeholders in sustainable planning.

/// Recruitment

To enable you to attract and recruit talented people and succeed in your business.

/// Training

To develop the skills and potential of your managers and enhance your performance and competitiveness

/// Research and innovation

To support the development of your business and stay one step ahead of the competition.

Do you want to take advantage of our training? Innovate? Help our students get to know you? Ensure the visibility of your business in the ENTPE community? Have one of our students work for you? Harness the expertise of our research laboratories? Contact us!
